About me

I'm a web developer with passion and experience for creating beautiful, functional, and user-friendly web applications. A proactive team member dedicated to continue learning, problem-solving and aiding teammates in achieving quicker outcomes. With experience in **modern frameworks and technologies** specialized in JavaScript, SCSS, PHP, React JS, CMS WordPress (**expert**), Elementor (**expert**), Divi (**expert**), Shopify and delivering projects responsive and make it pixel perfect. I love turning ideas into reality through code. Besides that I can optimize the technical SEO, using G4 & Google Search Console.
